

# ICPAC2018 – List of Posters

## Thematic Session: Organic and Biomolecular Chemistry (OBC)

OBC 73P

**Monosulfide-Disulfide-based Lubricant Additives: Synthesis and Tribology Performance for Metalworking Fluid**

Ong Chiu Ling

University of Malaya, Malaysia

OBC 74P

**Synthesis of Asymmetric Disulfide Derivatives as Potential Multifunctional Lubricant Additives**

Lim Shi Teng

University of Malaya, Malaysia

## Thematic Session: Polymer and Materials Chemistry (PMC)

PMC 11P

**Investigation of Electron Density Distribution Imaging by Maximum Entropy Method for Paracrystal Structure of Polyamide**

Miho Nagao

Kyoto Institute of Technology, Japan

PMC 25P

**Characterization and Properties of Polymer Thin-Film Based on Poly(acrylic acid) and Lithium Perchlorate**

Koh Sing Ngai

University of Malaya, Malaysia

PMC 26P

**Additive manufacturing of polymeric microreactors for continuous flow synthesis**

Igor Dejanović

University of Zagreb, Croatia
